Number: CFS-025 A

320 Paul Scannell Drive, San Mateo, California 94402 (650) 573-3846

Title: False Alarm Response Record
Approved: Clayton Jolley

Business Name:
Date/Time: / / am/pm
Address:
Issuing Fire Officer:
City/Zip:
Notes:
Responding Apparatus:

This notice serves to formally advise the aforementioned property owner/representative that the fire protection system noted below, has been determined by the Fire Department as inoperative or exhibiting defective behavior. The system shall be repaired or replaced immediately.

Table with 2 columns and 5 rows listing fire alarm deficiencies such as 'Fire Alarm Control Panel Will Not Reset' and 'Fire Sprinkler System is Inoperative/Defective'.

Immediately notify your fire alarm company of the above deficiencies and have a fire alarm technician respond within two hours (i.e.: "runner service").

ORDER TO COMPLY: You are hereby advised to have the fire alarm system repaired or replaced. Failure to comply with this order places the owner/operator liable for any and all legal actions that may arise from property loss, injury, or death to occupants residing, using, or working at the aforementioned address listed above.

Please contact the Fire Prevention staff (650) 573-3846 upon completion of all noted correctives, or for assistance.
